Mr. David Duncan McCann
211 West Market Street
Akron, OH 44303

Dear Mr. McCann:

This letter is to inform you that your petition for an ecclesiastical declaration of invalidity has been granted. The affirmative decision of the Cleveland Diocesan Tribunal was ratified by the appropriate appellate tribunal.

Please arrange for an appointment with Rev. William Karg who will bring this to a conclusion for you.

I hope that this process has been an opportunity for you to reflect constructively on your relationship with your former spouse and that it has afforded not only closure but a forum for healing and reconciliation. You and your former spouse are reminded of your obligations to the spiritual, emotional and physical welfare of any children born of this union. These responsibilities remain unaltered by this action.

The priest who would prepare you for another marriage will use the Diocesan premarital evaluation which is required in all second marriages. This will then be used in his own preparation directly with you. He is also required to consult with me prior to making arrangements for marriage. If a premarital evaluation or counseling is required, you will be informed by the priest who is preparing you for marriage.

With every best wish, I am,

Sincerely yours,

Lynette M. Tait
